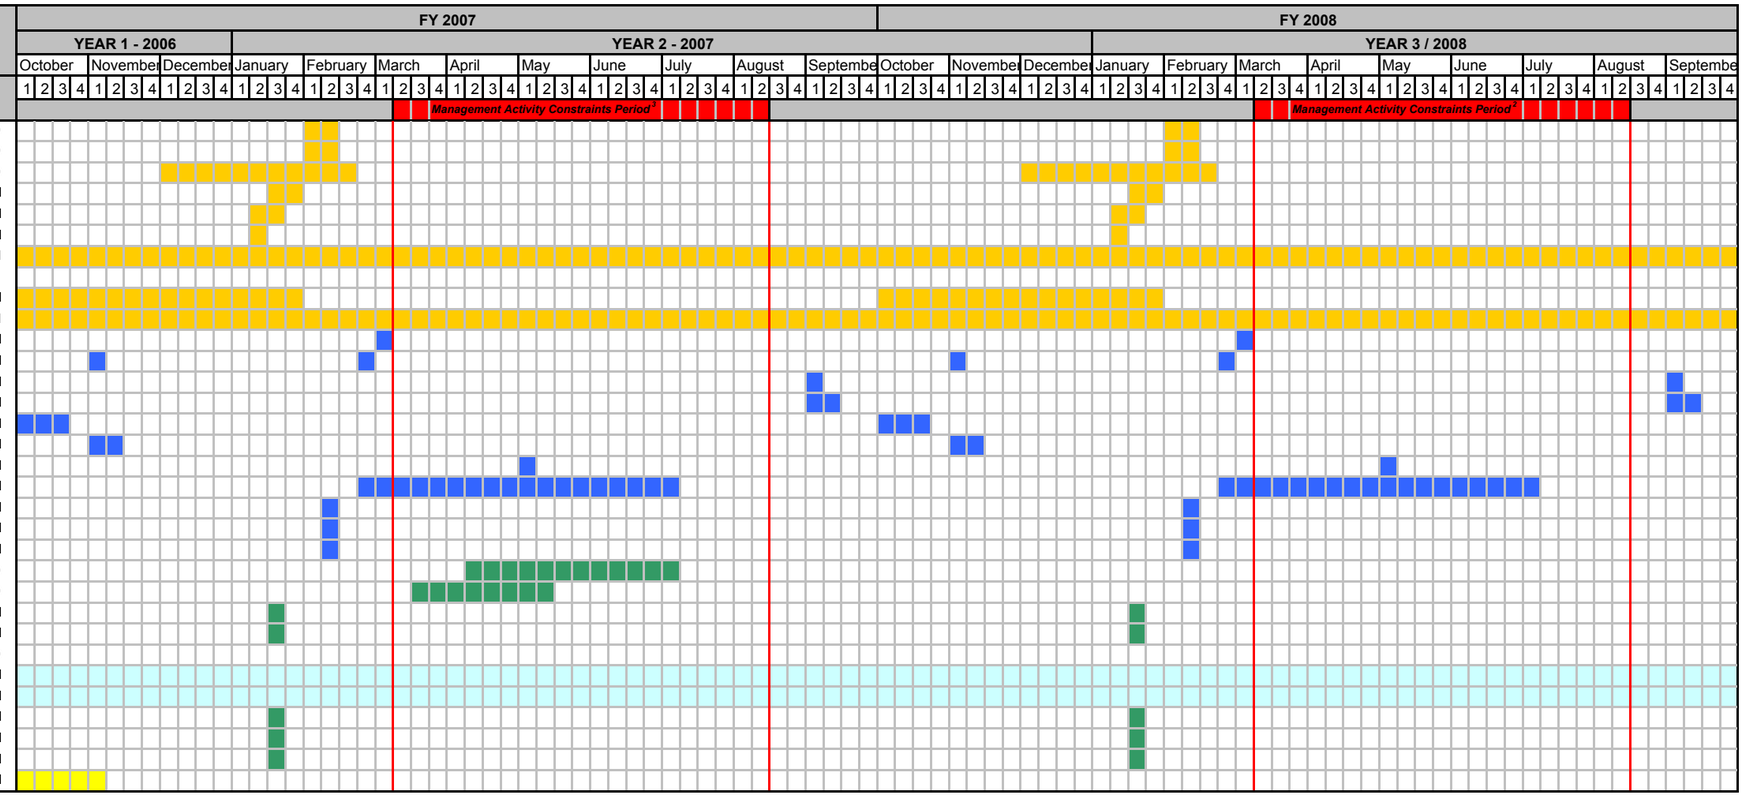
Figure 9.1 INRMP Schedule

CSSA INRMP PROJECT SUMMARY DESCRIPTION			
Project ID	Group[1]	Project Name and Priority Classification[2]	
4A	C	Brush Management Needs Assessment	C / 0
4B	I-1	Mech. treat new fuel breaks, roads, and security fencelines	C / 0
4C	A-1	Prescribed fire operations for grassland management	C / 0
4D/6D	A-1	Small plot prescribed burning in BCVI habitat	S / III
4E	C	Mechanical treatment for habitat management	S / III
4F	A-1	Brush pile burnings	S / III
4G	I-1	Modified mowing regimes	M / II
4H	C	Wetlands and Waters of the U.S. Delineation	C / I
4I	C	Oak wilt awareness at CSSA	S / III
4J	C, I-1	Oak wilt management	M / II
5A	C	Broadcast seeding	S / III
5B	C, I-2	Food Plot Installation	S / III
5C	C, I-2	Spotlight Census for Deer	S / III
5D	C	Bobwhite, dove and turkey pop. estimations	S / III
5E	A, I-2	Determination of harvest numbers	S / III
5F	C	Mammal predator control	S / III
5G	C, I-1	Red imported fire ant control	S / III
5H	A-2	BHCO control	S / III
5I	C	European starling and grackle assessment	S / III
5J	C	Fish population analysis	S / III
5K	C, A-3	Pond Stocking	S / III
6A	C	BCVI survey and core/non/core habitat mapping	C / 0
6B	C	GCWA survey and core/non/core habitat mapping	C / 0
6C	C	BCVI habitat enhancements	S / III
6D	C	GCWA habitat enhancements	S / III
6E	C, I-1	Karst buffer zone management	C / 0
7A	C	Hunting database	S / III
7B	C	Fisheries database	S / III
8A	C	Update CSSA Environmental Encyclopedia	S / III
8B	C	Update CSSA GIS	S / III
8C	C	SCADA Weather Station Integration	S / III
9A	C	INRMP Training & Implementation	S / III



Notes:

1 Responsible group for impementation of INRMP projects are listed below
- I-1 Internal CSSA Public Works
- I-2 Internal CSSA Wildlife Management Committee
- C CSSA Contractor Staff
- A-1 Agency Support - USFWS
- A-2 Agency Support - TPWD

2 Priority Classifications are detailed in Section 3.7, and are listed below:
- C / 0 Compliance Class 0 - Recurring natural and cultural resources conservation management requirements
- C / I Compliance Class I - Current compliance obligations
- M / II Mainternace Class II - Maintenance requirements
- S / III Stewardship Class III - Stewardship actions / beyond compliance

3 Management activity constraints period refers to restricting management activities, such as brush clearings to periods outside the BCVI and GCWA nesting/breeding season within habitat areas.
