Re: Camp Stanley Storage Activity (CSSA), Boerne, TX;  
TCEQ SWR No. 69026;  
Off-Post Quarterly Groundwater Monitoring Report for June 2003 - Approval

Dear Mr. Shirley:

The Texas Commission on Environmental Quality (TCEQ) has received the report entitled *Final March 2003 Off-Post Quarterly Groundwater Monitoring Report* on July 8, 2003. The report provided the laboratory analytical results of groundwater collected from off-post drinking water wells during the March 2003 sampling event. Samples of off-post groundwater drinking water wells were collected at Dominion; Fair Oaks, Jackson Woods, Leon Springs Villa and Hidden Springs Estate subdivisions and at the I-10, Old Fredericksburg Road and Ralph Fair Road areas. The report specified that it fulfills the groundwater quarterly reporting requirements of CSSA's Data Quality Objectives.

The TCEQ has reviewed the report. The TCEQ does not have any comments regarding the report; the report is approved. The TCEQ suggests that future submittals of off-post (and on-post) quarterly groundwater reports should include groundwater contamination concentration maps.

Please call me at 512.239.2371 or email me at [srayos@tceq.state.tx.us](mailto:srayos@tceq.state.tx.us) if you wish to discuss or if you have questions concerning this letter.

Sincerely,
