Subject: Uniform Hazardous Waste Manifest Correction, Camp Stanley
Storage Activity, Boerne, Texas EPA Identification Number:
TXD2210020739

To Whom It May Concern,

The Camp Stanley Storage Activity (CSSA), Red River Army Depot, Tank-Automotive and Armaments Command, Army Materiel Command, U.S. Army, shipped hazardous waste water containing lead to your Houston facility on Uniform Hazardous Waste Manifest #3445983 (Form TNRCC 0311). The waste was picked up from CSSA on June 22, 2005 and transported by Philip Reclamation Services. An incorrect waste code was entered in column I, in order to correct this error the waste code must be revised. The proper Waste No. for column I, line 11 b., for water containing lead is 4027114H not 0271114H as indicated. A copy of the corrected manifest is attached.

Your cooperation and assistance in rectifying this issue is greatly appreciated. Should you have any questions or comments, please feel free to contact me at (210) 295-7416.

Sincerely,

Jason D. Shirley
Installation Manager
