Re: Off-Post Monitoring Report for September 2005 - Approval
Camp Stanley Storage Activity (CSSA), Boerne, TX
EPA ID No. TX2210020739 and TCEQ Solid Waste Registration No. 69026

Dear LTC Shirley:

The Texas Commission on Environmental Quality (TCEQ) received the report entitled *Final September 2005 Off-Post Quarterly Groundwater Monitoring Report*, dated April 2006. The report was received on April 24, 2006. The report included laboratory analytical results collected from off-post drinking water and monitoring wells during the September 19 through 23, 2005 sampling events. Groundwater and drinking water samples from off-post wells were collected at following areas: Fair Oaks, Hidden Springs Estates, I-10, Jackson Woods Subdivision, Leon Springs Villa area, Old Fredericksburg Road and Ralph Fair Road. Of the 32 wells sampled, RFR-10 is the only well that contained concentrations of PCE and TCE that are greater than the Maximum Concentration Levels. These concentrations are 19.8 ppb and 8.9 ppb, respectively.

The TCEQ has completed its review and approves the report. The recommendations as specified on Page 22 of the report are likewise approved.

Please contact me at 512.239.2371 or at srayos@tceq.state.tx.us if you wish to discuss or if you have questions concerning this letter.

Sincerely,

A handwritten signature in black ink, appearing to read "Sonny Rayos".

Sonny Rayos, P.G., Project Manager
Team 3, Environmental Cleanup II
Remediation Division
