Dear LTC Shirley:

The Texas Commission on Environmental Quality (TCEQ) received the report entitled *Draft Environmental Assessment - Roads Construction*, dated July, 2006. The environmental assessment report concluded that road construction and widening activities will have no potential impacts on the physical, cultural and natural environment at CSSA. Additionally, the proposed road construction will have no adverse significant effects on human-health and the environment.

The TCEQ has completed its review of the draft environmental site assessment; the TCEQ does not have any comment regarding the report. The TCEQ concurs with the report's finding which supports "Finding of No Significant Impact" for the road construction activities.

Please contact me at 512.239.2371 or at [srayos@tceq.state.tx.us](mailto:srayos@tceq.state.tx.us) if you wish to discuss or if you have any questions concerning this letter.

Sincerely,
