**Subject: Amendment to Project Plans for Remedial Investigation at
B-20 Former Open Burn/Open Detonation Area
Camp Stanley Storage Activity, Boerne, Texas
Contract F11623-94-D-0024, Order RL33**

Dear Mr. Lyssy:

Enclosed please find an amendment to the Partial Facility Closure Plan for the B-20 OB/OD area, hereby submitted on behalf of Camp Stanley Storage Activity (CSSA), Texas. Work described in the amendment consists primarily of unexploded ordnance (UXO) clearing activities and is scheduled to begin on January 27, 1997 and continue for approximately 2 weeks. If necessary, the area to be cleared of UXO may be adjusted to address field findings.

If you have any questions or comments regarding the work to be done at B-20, please call Brian Murphy of CSSA at (210)698-5208 or myself at (512)719-6062.

Sincerely,

Julie Burdey, P.G.
Project Manager
