Greg,

I spoke with Brian Murphy last week and he indicated that you did not have any questions or concerns regarding the planned efforts for the interim measures at SWMU O-1. I need your concurrence directly for my records. Could you please reply indicating your acknowledgement of the planned activities for corrective actions at CSSA SWMU O-1. If you do have questions please call me at 512-719-6050.

Thanks,
Ken Rice
