January 10, 2008

U-086-08

Mr.

San Antonio Water System
P.O. Box 2449
San Antonio, TX 78298

Subject: Sampling of two SAWS Water Wells:
HS-1, Located at Falcon View at Rocky Hill Road, and
HS-2, Located at Falcon View at Rocky Hill Road

Dear Mr.

Camp Stanley Storage Activity (CSSA) collected groundwater samples from the above wells (HS-1 and HS-2) on 9/20/07. These samples were submitted to a laboratory contracted by CSSA's environmental contractor for volatile organic compound (VOC) analysis. This letter provides you with the VOC data from the laboratory results and a formal thank you for your assistance in this groundwater monitoring effort.

An abbreviated summary of analytical results compared to maximum contaminant levels (MCLs) allowed in drinking water by the U.S. EPA under the Safe Drinking Water Act is provided in the table below. All analyte concentrations were below MCLs, so they do not affect the usability of your wells.

Date Sampled	VOC Compound	Result (ppb)	MCL (ppb)
Well HS-1, Located at Falcon View at Rocky Hill Road			
9/20/07	PCE	<0.06 (non-detect)	5
	TCE	<0.05 (non-detect)	5
	cis-1,2- dichloroethene (DCE)	<0.07 (non-detect)	70
Well HS-2, Located at Falcon View at Rocky Hill Road			
9/20/07	PCE	0.18F	5
	TCE	<0.05 (non-detect)	5
	DCE	<0.07 (non-detect)	70

*The "F" qualifier indicates the value is above the laboratory method detection limit, but below the laboratory reporting limit for the compound.

Based on the analytical data, low levels of the VOC PCE were identified in water samples from your well HS-2. This level is below the applicable MCL and does not affect usability of your well.

As part of the ongoing CSSA environmental program, we are continuing to investigate and cleanup VOC source areas on the installation and to track these compounds in groundwater on- and off-post. As part of this effort, we may contact you in the future to schedule another sampling event for the wells listed above.

Again, we would like to thank you for your cooperation. We regret that your wells have been impacted, but remain committed to making sure your water is safe to use and keeping you informed. If you have any questions concerning this letter, please contact Glare Sanchez, CSSA Environmental Program Manager, at (210) 698-5208.

Sincerely,

Jason D. Shirley
Installation Manager
