May 20, 2015

U-084-15

San Antonio, TX 78255

SUBJECT: Sampling of Water Wells: SLD-01, Located at 25665 Boerne Stage Road; SLD-02, Located at 25665 Boerne Stage Road

Dear

Camp Stanley Storage Activity (CSSA) collected groundwater samples from your wells (SLD-01 & SLD-02) on 3/3/15. These samples were submitted to a laboratory contracted by CSSA's environmental contractor for volatile organic compound (VOC) analysis. This letter provides you with the VOC data from the laboratory results and a formal thank you for your assistance in this groundwater monitoring effort.

Based on the analytical data, no VOCs related to CSSA's groundwater investigation were identified in the water samples from your wells. Results from the laboratory analysis are provided as an attachment for the above sampling event.

As part of the ongoing CSSA environmental program, we are continuing to investigate and cleanup VOC source areas on the installation and to track these compounds in groundwater on- and off-post. As part of this effort, your well SLD-01 is scheduled to be sampled again in June 2015.

Again, we would like to thank you for your cooperation. We remain committed to making sure your water is safe to use and keeping you informed. If you have any questions concerning this letter, please contact Gabriel Moreno-Fergusson, Environmental Program Manager, at (210) 295-7014.

Sincerely,

Jason D. Shirley Installation Manage

Enclosure
