Re: Camp Stanley Storage Activity, Boerne, TX;
TCEQ SWR No. 69026;
Letter dated September 24, 2003 - Approval

Dear LTC Shirley:

The Texas Commission on Environmental Quality (TCEQ) has received your letter dated September 24, 2003 written in response to the TCEQ letter dated July 30, 2003. The July 30, 2003 TCEQ letter requested additional information concerning the off-post analytical program. In particular, the TCEQ letter requested reason(s) and justification(s) why laboratory analyses were limited to VOCs and why RCRA Eight metals were excluded from the analyses of drinking water at the off-post monitoring locations.

The TCEQ has reviewed your letter dated September 24, 2003. Your letter fulfills the information requested by TCEQ letter dated July 30, 2003. The TCEQ requests that future groundwater laboratory analytical results from other off-post sources (i.e., Bexar Metropolitan Water District, Fair Oaks Ranch Utilities and others) should be submitted to the TCEQ for our record and information.

Please call me at 512.239.2371 or email me at srayos@tceq.state.tx.us if you need additional information or wish to discuss this letter.

Sincerely,

A handwritten signature in black ink, appearing to read "Sonny Rayos".
