TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

May 24, 2012

Mr. Jason D. Shirley
United States Department of the Army
Camp Stanley Storage Facility
25800 Ralph Fair Road
Boerne, Texas 78015-4800

Re: Approval of Closure Report for the United States Department of the Army –
Camp Stanley Storage Activity Wastewater Treatment Plant (WWTP) –
Permit No. WQ0003849000 (CN600126262; RN100662840)

Dear Mr. Shirley:

We have completed our review of the final closure report dated March 21, 2012. The final report detailed the activities conducted for closure at the Camp Stanley Storage Activity WWTP. Our review of the final report indicated that the closure of the site was generally in compliance with the closure requirements and no further action is needed. If you wish to cancel your permit, please submit a TCEQ cancellation request.

If you have any comments or questions, please contact me at (512) 239-1375 or if by correspondence, include MC 148 in the letterhead address following my name.

Sincerely,

A handwritten signature in black ink, appearing to read "BS", written over a white background.

Brian Sierant, Permit Coordinator
Municipal Permits Team
Wastewater Permitting Section (MC 148)
Water Quality Division
