Boerne, TX 78015

Dear Mr. Shirley:

The Underground Injection Control (UIC) staff has completed review of the letter dated June 1, 2016 requesting a change in the reporting schedule, from semiannual to annual. Our consideration of this revised specification for injection activity reporting has included coordination with the commission's Remediation Division. Based on our review, approval is hereby given for the requested change in reporting specifications for this site. All other terms and conditions in the authorization originally issued March 13, 2012 and amended April 26, 2012 and June 9, 2015, remain in effect.

If you have any questions or comments regarding this matter please contact me at conrad.kuharic@tceq.texas.gov or (512) 239-6462. If you will be responding by letter, please include mail code MC233 in the mailing address.

Sincerely,

A handwritten signature in black ink that reads "Conrad A. Kuharic".
