Re: Contract F33615-89-D-4003, Orders 67 and 126, Camp Stanley Storage Activity, Texas

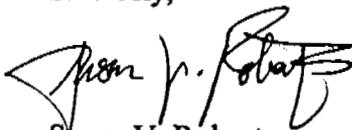

Plans of action for the former B-20 OB/OD unit closure and the groundwater evaluation

Dear Mr. Clarke:

Please find enclosed the two plans of action referenced above and hereby submitted on behalf of Camp Stanley Storage Activity (CSSA), Texas. The plans are based on discussions regarding the referenced projects at an October 19-20 meeting at CSSA with representatives from CSSA, EPA, Texas Resource Conservation Commission, and Parsons Engineering Science. CSSA plans to initiate the first actions listed in each plan during November 1995.

Should you have any questions or comments, please call Brian Murphy of CSSA at 210/698-5208 or myself at 512/719-6051.

Sincerely,

Susan V. Roberts
Project Manager
