Subject: Monthly Effluent Reporting, Camp Stanley Storage  
Activity, Boerne, Texas, TNRCC Permit Number WQ0001~~293~~-000

3849

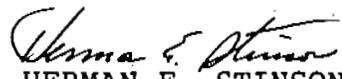

Dear Ms. Sills:

Camp Stanley Storage Activity (CSSA) requests a waiver from monthly effluent reporting requirements for Outfall 002. In our permit application, this outfall was intended to be used for a discharge of treated groundwater. However, a final remedial design for treating the groundwater has not been completed and the outfall has not been used to date and will not be used in the near future. CSSA will advise your office 30 days prior to utilizing this outfall and begin reporting per permit limitations.

If you have any questions or comments please contact me or Mr. Brian Murphy, CSP, at (210) 295-7416 or (210) 698-5208, respectively.

Sincerely,

  
HERMAN E. STINSON  
Acting Commander
