Method																																																				
Analyte																																																				
SW8260 (ug/L)																																																				
Bromodichloromethane																																																				
Bromoform																																																				
Chloroform																																																				
Dibromochloromethane																																																				
Dichlorodifluoromethane																																																				
Dichloroethene, 1,1-																																																				
Dichloroethene, cis-1,2-																																																				
Dichloroethene, trans-1,2-																																																				
Methylene chloride																																																				
Naphthalene																																																				
Tetrachloroethene																																																				
Toluene																																																				
Trichloroethene																																																				
Vinyl chloride

BOLD Value > or = MCL
BOLD MCL > Value > or = RL
BOLD RL > Value > MDL

-Tables present all laboratory results.
-Results for analytes detected above the method detection limit are presented in Table 3.1.
-All samples were analyzed by APPL Inc. unless otherwise noted.
-Referenced laboratory package number: APPL Inc.: 42565 & 42538.

Data Qualifiers:
F- The analyte was positively identified but the associated numerical value is below the RL.
J - The analyte was positively identified, the quantitation is an estimation.
U - The analyte was analyzed for, but not detected. The associated numerical value is at or below the MDL.
R- The data are unusable due to deficiencies in the ability to analyze the sample and meet QC criteria.
M- Matrix Effect Present
B - The analyte was found in an associated blank, as well as in the sample.

Abbreviations/Notes:
FD Field Duplicate
MDL Method Detection Limit
N Environmental Sample
DL Dilution
RL Reporting Limit
SQL Sample Quantitation Limit
MCL Maximum Contamination Level
